

Mme Karolina ZIELINSKA

PL-Pri/Mat

I am Polish. I arrived to Luxembourg in 2005. I have been working at the European Parliament since then. I am Polish and have two kids a girl, and a boy in the Polish section.

Parents – as the first teachers – play essential role in the education of their kids. They have been pupils themselves and continue to be learners. They also know that for the kids to have the best chance of success in the future kids need to flourish in an environment that suits their needs. Parents can definitely help the school both to advance ideas about education and to create schooling environment in response to the changing world.

As a parent, I want to work together with our school to support it in its educational efforts and to develop its pupils as curious, creative, passionate learners in the world. I would love to see the APEEL1 community expanding, getting closer together and work for our school. During the school year 2018/19 in my role as an APEEL1 Secretary, I have been working on improving communication and bringing the APEEL1 closer to its members through the monthly Newsletters, regular posting on the website and on the Facebook group. I have been also an active member of the Pericolarie WG making sure that a wide range of periscolarie activities is organised and available for the pupils. I would like to continue the tasks during the next two years as a member of the Management Committee.
